FEATURES	BENEFITS
MULTIPLE PROTEIN SOURCES	MAXIMUM ACTIVITY OF RUMEN MICROBES FOR EFFICIENT FORAGE UTILIZATION
NUTRITIONALLY BALANCED	PROVIDES PROTEIN, MINERALS, VITAMINS & ENERGY
FORTIFIED WITH VITAMINS & MINERALS	OPTIMUM GROWTH & REPRODUCTIVE PERFORMANCE
HIGHLY DIGESTIBLE FIBER SOURCES	IMPROVED RUMINAL FIBER DIGESTION FOR INCREASED FORAGE INTAKE

### FEEDING DIRECTIONS

20% Cattle Cubes are not a complete feed and must be fed with pasture and/or hay. Feed 2 to 4 pounds per head daily to growing and mature cattle. Do not feed on a free-choice basis. Adjust feeding rate to provide for satisfactory growth rate or body condition. 20% Cattle Cubes can be fed on the ground, but bunks or troughs are preferred to keep waste to a minimum. If pasture doesn't supply adequate energy for satisfactory growth, performance or body condition, supplemental grain or good quality hay should be provided. This product contains urea and should be fed to ruminants only. When consumed in recommended amounts, this product will supply adequate minerals for the average animal. However, as mineral needs of individual cattle vary, it is recommended that Seminole's Special Cow Mineral be fed on a free-choice basis.
