

Wellness CALM & COOL[®]

Seminole Wellness Calm & Cool[®] is a super premium, low-starch, low-energy, textured feed with herbs for adult horses and ponies.

Wellness Calm & Cool[®] is formulated for horses that do not require high levels of energy to perform. High amounts of digestible fiber provide cooler calories that reduce hyperactivity and help keep the horse focused. Enhanced with nine all natural herbs, this textured feed proves to be irresistible.

WHY SEMINOLE WELLNESS[®]?

Low-Starch, Low-Energy, Fixed-Formula

Wellness CALM & COOL®

FEEDING DIRECTIONS

Wellness CALM & COOL® is a textured, low-starch, 10% protein feed with herbs for adult horses and ponies to be fed along with good quality hay and/or pasture. Start the feeding program using the Daily Feeding Guide for the type of roughage fed and class of horse. After observing and/or weighing the horse for a period of time, increase or decrease the daily feeding rate to obtain the desired body condition or body weight.

Do not feed Wellness CALM & COOL® on a free choice basis. Feed at regular times, with two or more equal feedings per day. Make all feed changes gradually, over a 7 - 10 day period. Increases in feeding rate should not exceed 1 pound per day for an individual horse. Delay feeding a horse that has been exercised or is exhibiting pain, fever or diarrhea. Wellness CALM & COOL® weighs approximately 1.6 pounds per dry US quart. Feed hay and/or equivalent pasture at the rate of 1 to 2 pounds per 100 pounds of body weight daily. Provide a free choice horse mineral such as Seminole Grass Balancer 16:8 Mineral or Alfa Balancer 12:12 Mineral on continuous basis. Provide clean, fresh water at all times.

DAILY FEEDING GUIDE

Recommended Daily Feeding Rate in pounds of feed per 100 pounds of body weight or as a percentage of body weight (BW).

Class of Horse		Total Feed Concentrate in Diet			
		When fed with Grass Hay,* Forage Product or Pasture	When fed with Mixed Hay,* Forage Product or Pasture	When fed with Legume Hay,* Forage Product or Pasture	Total Hay or Forage in Diet (% of BW)
Maintenance Horses	Mature Maintenance Horses	0.25 - 1.5	0.25 - 1.5	0.25 - 1.5	1.5 - 2.0
Performance Horses	Light Work	0.25 - 1.5	0.25 - 1.5	0.25 - 1.5	1.0 - 2.0
	Moderate Work	0.5 - 1.5	0.5 - 1.5	0.5 - 1.5	1.0 - 2.0
	Intense Work	0.5 - 1.5	0.5 - 1.5	0.5 - 1.5	1.0 - 2.0
Breeding Horses	Pregnant Mare (1-8 mos.)	0.5 - 1	0.5 - 1	0.5 - 1	1.5 - 2.0
	Pregnant Mare (9-11 mos.)	**	**	**	1.0 - 2.0
	Breeding Stallions/Mares	0.5 - 1	0.5 - 1	0.5 - 1	1.5 - 2.0
Lactating Mares	Early Lactating Mares (1-3 mos.)	**	**	**	1.0 - 2.0
	Late Lactating Mares (4-6 mos.)	**	**	**	1.0 - 2.0
Growing Horses	Foals/Weanlings	**	**	**	0.5 - 1.0
	Yearlings	**	**	**	1.0 - 1.5
	2 - 3 Year Old	**	**	**	1.0 - 1.5

*Protein content of hay is assumed to be: Grass = 8%, Mixed 50/50 = 12%, Legume (Alfalfa or Peanut) = 16%

**Not recommended for this class of horse on this type of roughage.

***Forage Product includes chopped hays and cubed hays.
